

23rd January 2024

Good morning,

Firstly, thank you very much to yourselves and your young persons for the patience and support with the prelims to date, despite the adverse weather and the travel disruption attendance for prelims has been very high. Secondly, can I comment on the attitude and behaviour of our pupils in the exams to date, Mrs Richards our Chief Invigilator has commented on how respectful they have been to the process.

We lost three days to prelims last week - Wednesday 17th January to Friday 19th January, we have decided to move these days forward to Monday 29th - Wednesday 31st January. I have attached the updated Timetable for information, I will also post it on the school website and the pupil teams.

The plan for next is as follows:

- Wednesday 17th January to Monday 29th January, the afternoon exams will start 30 minutes later for pupils who do not have AAA.
- Thursday 18th January to Tuesday 30th January, no changes to start times.
- Friday 19th January will move to Wednesday 31st January with no changes to start times.

If a pupil has missed an exam due to absence, we are in the process of organising a date for them to complete it and we will be in touch with the pupil in due course, this may be when they have returned to classes.

Finally, Prelim Study leave will be extended and pupils should return to school as normal on Thursday 1st February.

Thank you for your co-operation and patience.

Kind Regards

Ali Hynd
